Capital Campaign Launch Event

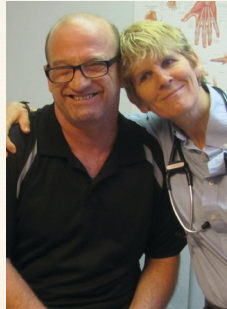

August 18th, 2017

West County Health Centers invites you to help launch our Capital Campaign to rebuild the new The Russian River Health and Wellness Center.

Our community hub for health & wellbeing will include integrated medical & behavioral health care, dental care, & many park-like outdoor spaces.

After serving the community for 42 years the Russian River Health Center suffered the profound effects of a devastating fire on December 26th 2015.

Please join us in building the Health Center of the Future. Your support will ensure the realization of a center for health & wellbeing improving the quality of life for our entire community.

You're Invited
