## Marching into Spring

Tired of the rain yet? We have been hiding in our clinics and here is what has been happening:

- Health Center Hosts are welcoming patients, assisting with resources, offering patient satisfaction surveys, and conversing with patients. Sebastopol and Russian River clinics are filling up with these friendly people.
  Four new volunteer hosts started this month.
  - Art in the Clinics– Local artist Kate William's work is now decorating the Russian River waiting room. Under the leadership of West County Health Center's Patient Family Council, V-WOWs Otto and Sally selected Kate's artwork as the first showing by a local artist. Artwork by local artists will be selected quarterly to brighten up Russian River's waiting room.

Now onto spring parades, marches, and connecting with the community. . .

Happy Anniversary ACA! The Affordable Care Act's anniversary is Thursday, March 23<sup>rd</sup>. Let's celebrate! Plans are in the works for a West County celebration of the ACA and its impacted our families and community. How has the ACS helped you – or someone you care about? Share your story or simply show up and celebrate. Please contact Laura for more information.

The Human Race on May 6th will be a fun day to support WCHC. Come walk, run, or see our booth. If interested in fundraising for the event please contact Becca.
